6. Surveying and staking-out activities at the Tannenberg Kaserne seemed to indicate that the billeting area was to be enlarged. The four barracks buildings of the eastern section of the installation quartered about 100 to 120 troops wearing red-bordered black epaulets. The barracks gate was guarded by sentries.

7. The three buildings in the central barracks section were occupied by about 800 troops wearing red-bordered black epaulets with motor transport insignia. Thirty to forty motor vehicles were parked in the barracks yard at all times. The garages were also filled with motor vehicles and [ ] a very large motor pool was maintained by the unit. Motor vehicles seen [ ]
